"RECONDITIONED CARS."

"The front office mania" is what they call our Used Car repair policy back in the service shop. They sympathize with our efforts to put the cars in good shape, but they sometimes think we are a bit too particular. Maybe, but no customer is ever going to complain about a "mania" of that sort.

A BOXING TRAGEDY.

DEATH FOLLOWS KICK-OUT.

(Reuter's Service.)

Melbourne, October 28.
A tragedy marked the heavyweight boxing contest at the Stadium between Max Gornick, of Queensland, and Jack Dunstan, the latter dying in hospital after being knocked out in the eighteenth round.
Dunstan was champion of the British Grand Fleet during the war.

M. POINCARÉ'S TERMS.

WOULD AGREE TO COMMITTEE OF EXPERTS.

Paris, October 28.
In a speech at Sampigny, M. Poincaré declared that France could not agree to reduction in the German debt, fixed in May, 1921. Referring to Mr. Baldwin's speech he entirely agreed regarding the importance at the earliest possible moment of an Inter-Allied settlement of the Reparations question and the advantage of the United States' co-operation therein. He would accept the appointment by the Reparations Commission of a committee of experts to examine Germany's capacity to pay, the reform of German finances and a concrete reparations scheme, provided the procedure remained within the four corners of the Treaty, but France would never agree to the Reparations Commission being divested of its functions or being replaced by an organization in which France's share of influence, already inferior to France's share of interest, should be further reduced. "The limit of our concessions has been attained and we will not go further."

French Aims Re-stated.

M. Poincaré declared that the Separatist movement was spontaneous and due to the *Malaise* of the inhabitants and their old opposition towards Prussia. It was not France's doing and France had always held scrupulously aloof from German internal affairs. Whatever Germany's future constitution might be France would never violate the conscience of the inhabitants. France cherished no plan of annexation but would not renounce her claim to permanent guarantees of security.

THE TRIUMPH OF FASCISM.

SIGNOR MUSSOLINI'S SPEECH.

Malta, October 28.
Signor Mussolini, in a speech on the celebration of the first anniversary of the Fascist march to Rome, said the few hundred stalwarts of Fascism which he addressed at the same place a year ago had now grown to a multitude. The Fascist Government had kept its promises. An Army had been created on which the nation could implicitly rely. This was known abroad as well as at home. Referring to the Corfu incident he said Italy for the first time had taken an absolutely independent step. She had denied the competence of "the Geneva Assembly," which was opposed to proletarian nations. These days were graver than was generally thought. The Italian people had given an example of discipline and if it had been necessary to march, they undoubtedly would have done so. He concluded: "Blackshirts, rely on me, and I will rely on you." Signor Mussolini was loudly cheered. The demonstration continued all day long.

A BIG GERMAN LOAN.

INTERESTING REPORTS FROM AMERICA.

New York, October 28.
The newspapers here display prominent reports that the big German loan to be floated, chiefly in the United States, is likely to develop out of the proposed International Reparations Conference. German reports that the United States is planning a huge wheat credit to Germany undoubtedly arose out of the fact that President Coolidge, with a view to relieving American agriculture, is seriously considering a proposal that the War Finance Corporation should finance the sale of surplus produce to Europe if an economically sound way can be found.
The *New York Times* is of opinion that the whole European situation has changed by the latest turn of events there.

DISTURBANCES IN HAMBURG.

COMMUNIST LEADERS SENTENCED.

The Hague, October 28.
The special court, which tried the Communist leaders concerned in the recent disturbances here has sentenced one of them to death for high treason and rebellion. Others were sentenced to imprisonment ranging from one year to two months. Fourteen policemen were killed in the revolt. The total rebel casualties are not yet known but there are seventy-five dead and in hospitals.

NEW U.S. AMBASSADOR TO BRITAIN.

TACTICS OF RADICAL SENATORS.

Washington, October 28.
It is announced that several Radical Senators will oppose the confirmation of the appointment of Mr. Frank Kellogg as Ambassador to Great Britain, by the Senate, hoping thus to force a general discussion on foreign policy.

U.S. SUBMARINE SUNK.

FIVE OF THE CREW MISSING.

Washington, October 28.
The United States submarine O5 sunk in Limon Bay, in the Panama Canal Zone, after a collision with the steamer *Abandarez*. Five of the crew are missing.

SAXONY DEFIES IMPERIAL DEMAND.

Dresden, October 28.
The Government of Saxony has refused the Imperial Chancellor's demand for its resignation. An official communication declares that only the Saxony Diet is entitled to dismiss the Government of Saxony, and consequently until this occurs the Government remains in power. It is, however, to bring up the matter in the Diet without delay.

VOLUNTEERS IN CAMP.

INSTRUCTIVE WEEK-END AT STONECUTTERS.

Twenty-two N.C.O.'s and sappers of the Engineer Co. Hongkong Volunteer Defence Corps, spent an instructive and enjoyable week-end at "Stonecutters," under their O.C. Lt. Melville Smith.
The men marched from Headquarters at 3 p.m. on Saturday to Blake Pier, where they embarked, and Stonecutters was reached just in time for a greatly appreciated tea, after bedding accommodation had been arranged. Squad drill later in the afternoon saw quite a cheerful turnout, and it was a healthily hungry party who afterwards did justice to the dinner provided. Incidentally, the canteen was also well patronised.

Useful instructional work was put in after dark at the engine room and the searchlights, the men going on in two shifts. From shortly after six o'clock to nine, two lights were in operation, and ships in harbour, junks, and portions of the Peak came in for attention. The starting-up of the engines and incidental work with the searchlights was carried out very efficiently.

Cries of "Show a leg" at dawn yesterday indicated that coffee and biscuits were available, and half an hour's physical jerks afterwards enabled many a disused muscle to get a useful stretch. As one or two were heard to remark, it also gave them an appetite for breakfast which they had not experienced for months. The keen, fresh sea-air must also have aided materially.

The "next item on the programme" was Part I of the musketry course. The commencement was somewhat delayed by rain, but despite the unfavourable conditions brought about by the wet, there was a very good average put up. The Commandant, Lt. Col. Bird, D.S.O., was present throughout yesterday, and took a keen interest in the work at the range. Sergt. Lenfestey, in celebration of his obtaining the long service decoration, put up a prize of spoons for the section making the highest score, and the honours went to No. 2 Section, with Sergt. Major Everest's 81, the best score of the day, helping considerably.

At squad drill in the afternoon, the Commandant expressed his pleasure at seeing such a fine turnout, and mentioned that the general efficiency of the Engineer Co., in which interest had been greatly revived, was of a high order. The N.C.O.'s were then given an opportunity of putting the squad through its paces. Two further reliefs carried out electric light runs in the evening, and it was a healthily tired crowd who turned in after the day's work. The return to Hongkong was made this morning.

On the whole, the camp was such a success, that it has been practically unanimously decided to hold a similar one before very long, when it is expected there will be an even larger attendance. It was announced yesterday that the Engineer Co. annual dinner is to be held on December 10th, and already the list of names put down for this event is a large one.

WOMEN ASSAULTED.

U. S. MARINE IN TROUBLE.

For assaulting two women in Wanchai, resulting in their appearance in Court this morning with bandaged heads and bruised eyes, a marine of the U.S.S. *Asheville* was charged at the Police Court this morning.

Detective Sub-Inspector Cockle said that compensation amounting to \$25 had been paid and accepted by the complainants.
Mr. J. R. Wood termed the affair as being "most disgraceful" but in view of a settlement having been accepted by the women, and the police proposing not to offer evidence, defendant was allowed to go.

BIG YACHT COMING.

PROMINENT PEOPLE ON BOARD.

Advises have been received in the Colony to the effect that one of the best-known yachts of the Royal Yacht Squadron, the "Fantome II," will shortly arrive here, bringing with her a distinguished party. Her owner, the Hon. Ernest Guinness, is taking the boat on a trip round the world, and expects to be in Hongkong towards the end of next week.

The yacht is at present in Shanghai and is due to leave there on Friday. She will stay, it is thought, several days in the Colony. Among those on board are the owner and the Hon. Mrs. Guinness, their three daughters, Sir Algernon Guinness, Miss Tennant, Mr. P.O. Fane, Mr. T. Murray and Dr. F. A. Phillips. The Captain of the *Fantome* is Mr. H. E. Frogbrook, R.N.R.

We learn that although described as a yacht, the ship is barque-rigged, more like a British man-of-war of a century ago than a modern yacht. She is really a barque, built at Nantes in 1895 and is a ship of the Royal Yacht Squadron. She is of steel construction and there is auxiliary motor power. In all other details, however, she might be an armed merchantman of a far more picturesque description than the sailing ship of 50 years ago. So much attention was paid to her looks when she was purchased by Mr. Guinness that even the exhaust from the motor-engine now passes unobtrusively from the top of the mainmast lower mast, which is of steel tubular construction. If *Fantome II* has the appearance of a frigate, her green decks and state rooms are the last thing in modern luxurious ocean travel. She is also fitted with wireless.

Sailing from Southampton, the yacht has visited Gibraltar, Las Palmas, Cape Verde Islands, Trinidad, the Panama, and across the Pacific to Shanghai. It is proposed to return home by way of Suez.

THE YACHT CLUB.

OPENING CRUISE EVENTS.

The Royal Hongkong Yacht Club is to hold its opening cruise and ladies' day on Saturday next, when the Commodore (Mr. D. K. Blair), the Vice-Commodore (Capt. T. Arthur) and Mrs. Arthur will be at home to members and their friends. Tea will be served on the lawn, and during the afternoon an exhibition game of lawn bowls will be played. At the conclusion of the racing, Mrs. Grace will distribute the prizes.

At 2 o'clock, the race for English rigged cruisers will start, to be followed a quarter of an hour later by a contest between Chinese rigged boats.
There will also be events for racing yachts as follows:—Handicap class, one design class, Heyward Heys and Gael classes.

On Sunday, November 4th, there will be interport sailing contests between Hongkong and Singapore—a morning event and an afternoon event. The helmsmen for Hongkong will be Messrs. T. Arthur and J. H. Pearce and for Singapore Capt. P. Brodenberg and Mr. H. A. Davidson, whilst the competing yachts and crews will be Y.1, "Gladys," (J. L. Adams), Y.2, "Sealark," (E. Cock), Y.6, "Adanac," (H. E. Scriven) and Y.5, "Winifred" (D. H. Blake).

WIRELESS USES.

"Wireless" collecting boxes have been adopted by the London Hospital for increasing their revenue. About 1,000 were recently placed in service and they work as follows:—An ordinary looking box is provided with a metal flap. On this you place a coin which remains there until you clap your hands, say the word "Go," or do anything else to set up sound vibrations. Then your coin is shot into a slot in the top of the box.

KOWLOON BUSES.

SEASON TICKETS NOW.

Residents of Kowloon and adjoining districts will be interested in the advertisement appearing elsewhere in this issue, which draws attention to the fact that season tickets may now be purchased in connection with motor travel on the Peninsula.
For this facility they are indebted to the enterprise of the Kai Tak Motor Bus Company, the directors of which have formulated a scheme which ensures their patrons comfortable travelling at a most reasonable cost.
The vehicles of the Kai Tak line are known as the "Green Buses."

DYNAMITE.

ILLEGALLY USED LOCALLY.

The arrest of a Chinese in Bonham Road in unlawful possession of 120 sticks of dynamite and 100 detonators gave occasion in the Police Court this morning to the expression of police views on a matter which has come to be regarded as serious.

It appears from the remarks of the Deputy Superintendent of Police (Mr. T. H. King) in charging the prisoner that circumvention of the regulation requiring the possession of a police permit has been resorted to extensively, and there have been quite a number of Chinese guilty of this offence, outside of the circle of legitimate contractors. Dynamite for fishing purposes was mentioned by Mr. King as one use condemned by the authorities but which was known to be extensively practised.

The seizure of eleven cases of dynamite in Capatmoon was of recent occurrence, whilst this explosive had also been the sole object of an armed robbery ten days ago at Stanley when a contractor's store was rifled of some forty pounds of the stuff. The Magistrate was asked to inflict a penalty without the option of a fine, in view of the extensive development of building sites in the Colony and the temptation the situation offered to would-be culprits.

Mr. J. R. Wood imposed a fine of \$200, with the option of three months' hard labour, on the prisoner.

MANSLAUGHTER.

P.W.D. LORRY DRIVER TRIAL.

The driver of a P.W.D. motor-lorry, alleged to have knocked down and caused the death of a three-year-old Chinese girl, appeared before the Police Judge (Mr. Justice Gompertz) at the Criminal Sessions, this morning, on a charge of manslaughter.

The jury were Messrs. B. O. Blaker, F. A. V. Ribeiro, A. E. S. Alves, J. M. Smyth, H. Overy, A. S. Hersee and A. W. J. Hoy.
According to the Crown's case (conducted by the Attorney General), the little girl was sitting with her parents by the side of the road, outside a shop in Bullock Lane, Wanchai, a little after four o'clock on the afternoon of August 25th, having the evening meal. Accused came along, driving a P.W.D. motor-lorry, and knocked down the little girl and killed her. At the spot where the accident took place the road was 16 ft. 11 ins. wide, the Attorney General explained, and the width of the lorry was 6 ft. 4 ins. The fact that the accused drove his lorry against the child's chair, knocking down deceased and killing her, spoke for itself. The Attorney General submitted, and was *prima facie* evidence of culpable negligence and justified the jury bringing in a verdict of manslaughter.

The jury returned a verdict of guilty, with a recommendation for leniency, and accused was sentenced to 12 months' hard labour.

REMARKABLE MURDER CASE.

BYSTANDER GETS KILLED.

An Indian guard came before the Chief Justice, at the Criminal Sessions, this morning charged with murder. Mr. H. K. Holmes conducted the case for the Crown and Mr. Campbell Prosser (instructed by Mr. A. el Arculli) appeared for the defence.

According to the Crown's story, accused had an altercation with a Chinese coolie, which ended in the guard loading his rifle and firing from the hip. Fortunately for the coolie, at the moment the rifle was pushed in the air. However, the act had equally disastrous consequences in the thigh. The unfortunate man was taken to hospital and the following day had his leg amputated, but the operation failed to save his life. The case is proceeding.

Evidence in support of the Crown's case was given. At 11.15 a.m. the Court adjourned until to-morrow morning.

TO MOTORISTS.

Don't forget that entries for next Saturday's Motor Gymkhana close on Wednesday, the 31st instant.

There are all kind of novel events, and at the close, the prizes won in the recent motor trials will be presented.

MCKINLEY ARMS CASE.

ACCUSED SENTENCED.

The two men convicted of being in unlawful possession of arms aboard the President McKinley came before the Chief Justice, at the Criminal Sessions, this morning for sentence.

In the course of his remarks, his Lordship told the accused that they were probably quite indifferent as to the purpose for which these arms were to be used, either here or in China. This country is not to be made the dumping ground for arms, secretly and illegally imported, his Lordship proceeded. "But for the timely intervention of the police your action might have been attended with murder and bloodshed." His Lordship went on to say that when they possessed themselves of the arms they were probably not aware of the recent law which had made this offence a very grave one or he would have passed a much more severe sentence.
Both accused were sentenced to 18 months' hard labour.

CAPTURED LADY MISSIONARIES.

BANDITS OBSTINATE.

Shanghai, Oct. 27.
Reuter's correspondent at Kai-feng reports that Mr. Joyce, Ireland Commissioner, interviewed the bandit leader on October 22, offering on behalf of the Military Governor a pardon and a ransom if the lady captives, Miss Sharp and Miss Darroch, are released immediately, but refusing to consider the enrolment of the bandits in the army.

Mr. Joyce telegraphs stating that the bandits absolutely refuse the terms offered, and are holding out for enrolment in the army. The authorities are now advancing their military operations, but the country is mountainous, and the west side of the bandits is still open.

Chang Fu-lai is arranging to proceed to Pao-fang in three days' time to take immediate charge of the operations there. —Daily Bulletin.

BADEN POWELL'S SCOUTS

TENTH ANNIVERSARY OF ST JOSEPH'S TROOP.

The 1st Hongkong (St. Joseph's College) Troop held their annual speech day and presentation of cups and badges last week at their Headquarters, St. Joseph's College.

Among those present were Rev. Bros. Aumar, Cassian and James, Rev. G. T. Waldegrave (Commissioner), C. H. Blason (Hon. Treas.), H. K. Ray Scouts (Association), A. White (Hon. Secretary), and a number of former members of the Troop.

After tea, the visitors adjourned to the College compound, where Assistant Scoutmaster H. Braga, who is in charge of the Troop, read the report. He said that they were celebrating the tenth anniversary of the formation of the troop and mentioned the great help the Scouts were to the community during the first few years of the Great War. When he took charge of the troop, on the 6th of April, Scouting was very slack. Since then 20 boys in all had been in the troop 5 of whom had resigned.

Continuing, he said, "Whatever we have been able to accomplish has been due to those interested in us. We owe a great deal to our patron, Rev. Bro. Aumar. He provided us with the room below the tower, which itself serves a purpose. He gave us two lock-cases and a desk. His kindness to us has not ended there, as he and the other Brothers of the College have always taken a great deal of interest in the Troop. We would like to thank all the Scouts who are and were ever us for the help they gave us so willingly and readily in times past. We thank Mr. R. A. Kuzack for the table and two benches he presented to us. Capt. H. S. McGrath who, after the Director, was our chief benefactor, must be specially mention-

ed. The \$1,735 00 previously mentioned was collected by him. Half the books in our library were sent out by him from England, together with the cups, the presentation of which is our purpose to-day."

Rev. Bro. Aumar, the patron of the troop, then presented the cups and badges to the successful winners.

He said, "I came to Hongkong shortly after the Boy Scout movement had been started in the Colony. At the time the troop was very large. Now, although it is very small, I am glad to hear from the Commissioner and others that quality makes up for quantity. You boys must be very thankful to your Assistant Scoutmaster, Mr. Braga, for the hard work I know he has done bringing the troop to its present standard. This is the first time since my return from Home that I have had the pleasure of meeting the troop in a body in the College compound on such an occasion. I hope that this is the forerunner of many other pleasant ceremonies. It is very kind of you to invite me to give away the cups and badges, and I congratulate those who secured them." He then thanked the visitors for their presence.

After Assistant Scoutmaster Braga had suitably replied, the Commissioner, Rev. G. T. Waldegrave, addressed the boys. He congratulated them on their hard-working Scouts, their unity, and their efficiency. He then exhorted them to continue the ten years of history and tradition they had behind them and to keep their ideal—perfection—ever before them and they would have no fear of going wrong.

An enjoyable afternoon was concluded when the Commissioner called for three cheers for the troop and the Scouts stood to attention and sang "God Save the King."

Made for lasting service.

Guesswork!

You don't pour out your tea like this! But do you buy it as carefully as you pour it out? Do you buy Brooke Bond tea in the vacuum tin, which makes it certain that the tea you get is in perfect condition?

It is as easy to get vacuum-packed tea as any other sort. Insist on Brooke Bond—for none other is so packed—and you will have tea with all its original flavour and strength.

The climate cannot spoil it, and the tea is so packed that deterioration, even to the slightest extent, is a physical impossibility.

WIRELESS CONTRACT.

VIOLATION OF MITSUI AGREEMENT?

Peking, Oct. 28.
The Peking Leader says that following the receipt of information that the Cabinet last Tuesday formally sanctioned the Federal wireless contract, the Japanese Legation further protested on the ground that it was a violation of the Mitsui contract of 1918. The Minister of Communications deputed the Vice-Minister to see Ambassador Yoshizawa, who yesterday unsuccessfully tried to arrange an interview with the President in order to lodge a protest. The Leader adds that the American Legation has been informed that the Cabinet has given full approval to the federal contract, a few details only remaining to complete the arrangement. The construction of the first station at Shanghai will probably begin this winter. The Leader learns authoritatively that except at Tokyo there has been no talk of the formation of an international group to take over the federal Mitsui contracts. The American Government consistently insisted on the invalidity of the monopoly clause of the Mitsui contract and steadily refused to negotiate with Japan for a compromise.—Reuter.

BILLIARDS.

EASMA v. KOWLOON C. C.
A very pleasant and interesting game of billiards between members of the Easma Club and the K. C. C. took place at the former's premises on Saturday night, and resulted in a splendid win for the Cricketers. At the conclusion of the game several short speeches were delivered and as each Club has now won a game it was decided to play a "rubber" in the near future.—Scores:—

THE LATE MRS. WHITEFORD.

FUNERAL ON SATURDAY.

The funeral of the late Mrs. R. H. Whiteford took place on Saturday afternoon. Followed by a large number of friends and floral tributes of the bereaved husband, the hearse containing the coffin was laden with a profusion of beautiful wreaths. The husband was the chief mourner. At the cemetery gave the coffin was carried from the hearse and borne to the grave by a number of friends of Mr. Whiteford. The Rev. J. Kirk Macpherson performed the burial service. Adding to the sadness of the occasion was the burial, in the same grave, of the infant son of the deceased lady who survived three days after birth and predeceased the mother.

Now beautify teeth in this way
Millions of them—the world over

Careful people, well advised, now use a new teeth-cleaning method—millions of them in every clime, and largely by dental advice.

Beautiful teeth you see everywhere show the results of this method.

It is something you should know. Learn what it means to you and yours. Make this free ten-day test.

Combats the dingy film

It is film that makes teeth dingy—that viscous film you feel. It clings to teeth, enters crevices and stays. Food stains discolor it, then it forms thin, cloudy coats. Tartar is based on film.

The ordinary tooth paste does not film. So most teeth, in the old days, were more or less discolored.

Film also holds food substance which ferments and forms acid. It holds the acid

in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Thus most tooth troubles are now traced to film. Under old methods, they were constantly increasing. The most careful people rarely escaped.

Two combatants now

Dental science, after long research, has found two film combatants. One acts to curdle film, one to remove it. Able auxiliaries have amply proved their efficiency. Now leading dentists the world over are urging their daily use.

A new tooth paste, has been created, based on modern research. It brings five effects now considered essential. It avoids several old mistakes.

This tooth paste is called Pepsodent. And those two great film combatants are embodied in it.

Other desired effects

Modern research has found other things essential and Pepsodent brings those effects.

It multiplies the starch digested in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

It multiplies the alkalinity of the saliva. That is there to neutralize the acids which cause decay.

Thus Pepsodent gives manifold power to Nature's great tooth-protecting agents. It polishes the teeth so film less easily adheres. Old-time tooth pastes, based on soap and chalk, brought just opposite effects.

In these ways, Pepsodent is bringing a new dental era. Already it has brought to millions whiter, cleaner, safer teeth. The peoples of fifty nations are being taught to use it. And their children will get life-long benefits which your childhood missed.

Why Men's Teeth

Glisten everywhere today

The film on teeth of men who smoke becomes especially discolored. But note how men's teeth glisten nowadays. Note how men and women, when they smile, show pretty teeth. Those are Pepsodent effects, now attained by millions.

GET VACCINATED.

During the past few days the number of small-pox cases, although not sufficiently high to cause undue alarm, has been large enough to justify the appeal recently made by the Sanitary Department that all who have not recently been vaccinated should again submit themselves to the treatment. Time was, even a short while ago, when the majority of the Chinese of this Colony were averse to the idea of vaccination. It was something they did not understand—a white man's trick. But since then the efforts of the Colony's medical men have been, and still largely are, a work of education, in which they seek to convince the native that European methods of medical treatment and disease prevention are vastly superior to their own. And time has proved to the native that western methods are best. This is illustrated and evidenced by the willingness now being shown by hundreds of Chinese. They have learned from the past how vaccinated men and women escape the more serious consequences of the disease and they have come to a point where they put faith in the treatment. The large numbers of Chinese who during the past week have flocked to the various vaccinating centres constitute the brightest spot in what is otherwise a rather dark and worrying time.

Although there have been one or two European cases of small-pox notified, it is rather surprising that there are foreigners who still act as though vaccination is just a fad—a craze they need not bother very much about. There possibly always will be "anti's" to any theory, people who think it shows superior intellect to doubt and deny, but to intelligent people it will always remain a mystery how others, in the face of almost unanimous medical opinion, persistently refuse to recognise in vaccination a great scientific discovery for the mitigation of the ravages of small-pox. They ignore evidence

and falsify facts. They appear to take no account of the fact that nurses in small-pox hospitals very rarely contract the disease because of vaccination, or how low is the rate of mortality among the vaccinated public as compared to the rate among the non-vaccinated. These people seem to put their trust in medical science regarding many things, yet withhold it in this on the most illogical grounds. Just how the disease becomes active after quiescence, how to work for its total elimination, and just how the germs of infection are carried are still matters engaging scientific research, but science has discovered how to put up a fight, how to counteract the worst effects. And vaccination has now been sufficiently long on test to justify the theory on which it is based. Valuable lessons were learnt during the late war and although, now and again, there have been cases of the use of impure lymph, the modern manufacture and careful handling of the serum has removed what was at one time the great bogey of the anti-vaccinationists.

The Sanitary Board here has appealed to all sections of the community to be vaccinated and if we are to expect the Chinese to act on that appeal as widely as is desired, we ought to set a good example. We have been warned that the Colony might easily suffer a very serious outbreak and, for ourselves, we view it as the duty of all non-Chinese residents to co-operate with the authorities in bringing about the vaccination of as many as is possible. We have written this because we know there are many who, unless spoken to, will not just bother very much about it. They ought to, and we hope they will.

Out in the Cold.

Hongkong will learn with regret that this Colony is not to be included in the itinerary of the naval squadron which is to visit various parts of the Empire in the near future. It will have been observed from our cable news of Saturday that the squadron is calling at Penang, Port Swettenham and Singapore, after leaving Colombo, and that, according to present arrangements, the ships will then proceed straight to Australia. It will therefore be a case of "so near, but yet so far." We are hoping, however, that special efforts will be made to get the squadron diverted so as to include Hongkong. This should not be a difficult matter. Hongkong is, after all, the headquarters of the China Station, and it would be quite appropriate that due recognition of that fact were given by a visit to the port. These "showing the flag" cruises have a great psychological value, and we have not the least doubt that an actual sight of some of the best units of the British Navy would convey to the Chinese much more than any attempts at description ever could. Somehow, Hongkong is always being left out in the cold. Cannot someone let the Home authorities know that we really are on the map? Maybe the local branch of the Navy League might interest itself in the matter.

Not Good Enough.

When Leopold Godowsky, the famous pianist, came to Hongkong, he was greeted by an audience the size of which did no credit to the Colony. Whether to make amends for that fact, or whether the violin is more popular than the piano, we cannot say, but the fact remains that for the recital which was to have been given by Jascha Heifetz to-night every reserved seat was booked up days ago, in spite of the higher prices for seats than are usually charged here. The Theatre Royal would have been filled, but, almost at the eleventh hour, Hongkong is calmly informed by Mr. Strok, the impresario, that Heifetz cannot fulfil the engagement. In the past, Hongkong has been blamed by those who arrange the visits of famous artists. We now have to turn about the tables and become the complainants. No fault whatever attaches to Messrs. Moutrie and

Hallam Singh, a watchman at the St. Paul's Girls' School, yesterday fell from a wall in the school premises at Lyttelton Road, and was later taken to hospital.

For the past two days the health return shows that three cases of small-pox have been reported—one Spanish and the rest Chinese. There was also one British case of puerperal fever notified.

Amongst the Hongkong passengers on the outward bound Asuta Maru from London are Dr. and Mrs. G. Duncan Whyte, Mr. and Mrs. J. D. F. Mulder, Mr. and Mrs. N. L. Smith and Mr. D. M. Goodall.

The appointment is now made of Commander Maxwell J. R. Maxwell-Scott as Senior Naval Officer on the West River, China Station, that officer having replaced Commander C. J. Crocker, of the Yangtze flotilla.

Sir Francis Aglen, Inspector-General of Chinese Maritime Customs, who has been on leave, will depart in a few days by the Majestic for New York, en route for Peking to resume the duties of his post, say a Home paper of September 27.

Captain P. R. Stevens, D.S.O., the new captain in charge at Singapore, will arrive there early in December to assume duty. While so employed he will be borne on the staff of the Commander-in-Chief of the China Station and posted to the flagship Hawkins.

Local Radio.

Sir,—After reading your account of the Radio demonstration, I feel it is only fair to the Hongkong Hotel Co. to say that up here near the University I heard every word and note clearly and well, with a small one-valve Aerola Senior set (Westinghouse). I also hear all the broadcasting done daily just as plainly and I can without difficulty eliminate any ship signals that may begin to operate at the time the broadcasting is in progress.

GRAND THEATRE.

**INTERESTING INNOVATION
AT 9.15 SHOW.**

An interesting innovation is announced beginning Wednesday, October 31st, at the Grand Theatre Queen's Road East. This theatre, which up to now has been catering more especially to Chinese patronage, will remodel the 9.15 show specially to appeal to Europeans.

With this end in view, an orchestra will be installed upstairs and a special ticket office provided for circle seats.

The films will be of the best class, and the house itself will be artistically decorated.

We understand that the charge for admission will be 60 cents, which compares favourably with any picture show in town.

Happy Valley residents will be particularly interested in this announcement, as the location of the Grand is very convenient for them.

Wednesday's programme includes "The Kentucky Derby" and the J. C. Williams Variety Company.

Co. whose manager, on receiving the intimation, made every effort to get the engagement fulfilled, even if it had to be postponed, but without success. This cancelling of the recital in such a casual manner, without the least reason being given, has rightly caused much indignation amongst local music-lovers. It certainly is not the way to treat the public, and we imagine it will be a very long time before the incident is forgotten. Impresarios will have little cause for complaint if in future Hongkong is very wary about booking seats for other stars whom they may advertise to appear here.

LEAGUE AND FRIENDLY MATCHES.

There was an interesting programme of matches on Saturday, an outstanding feature being that the Indian Recreation Club and the Civil Service each scored two victories—one in each division of the League.

FIRST LEAGUE GAMES.

Kowloon were at home to the Indians, but they were rather badly beaten. Batting first they compiled 104, the top scorers being J. P. Robinson, 31; and A. W. Ramsey, 29. The visitors replied with 169 for seven, of which A. H. Rumjahn contributed 62 and C. Ismail 33, whilst A. H. Madar scored 38 not out. For the winners, A. el Arculli took 5 for 49. Civil Service gave a good display in their home fixture against the Chinese Recreation Club. They compiled 216 for six wickets and declared, G. R. Sayer being responsible for a fine 107 and E. J. de Rome scoring 52. The visitors were all out for 118, Ng Sze-kwong putting up 47. For the winners, Sayer took 7 for 23.

SECOND LEAGUE MATCHES.

The Indians were at home to K.C.C. in the Second Division and they won comfortably. The visiting side had first knock and put up 90, A. J. Kew (24), W. L. Weaver (23) and F. Evelyn (19) being the highest scorers. The Indians replied with 134 for seven, H. D. Rumjahn being 67 not out and O. Rumjahn scoring 26. Sirdar Khan took 5 for 48, and H. D. Rumjahn 3 for 8.

At Happy Valley, the R.A.M.C. entertained H.K.C.C. second string. The home side put up 175 for seven and then declared, Pte. Nash making 59 and Capt. Walker 35. The visitors tried hard to win but were all out for 153, C. V. Mark contributing 53 and C. C. Hagen 47.

The match between the 2nd XI of the Civil Service and the C.R.C. ended in a draw. The Chinese scored 179 (S. C. Wong, 81, and K. L. Chow, 36), whilst only five Civil Service wickets were down when stumps were drawn with the score standing at 117, F. Harper being responsible for 60.

FRIENDLY GAMES.

The H.K.C.C. won easily against the Navy, the latter being all disposed of for 79, the only two players to reach double figures being Pay, Lieut. Gregory (35) and Lieut. Besant (20). The Club replied with 130, A. L. Gace scoring 34 and G. H. Piercey 29. For the winners, E. G. Lammert took 7 for 37, whilst Gregory for the Navy captured 4 for 53.

Craigengower entertained the University and suffered a heavy reverse. They were all out for 46, of which D. Fritz contributed 23. The University replied with 177 for three, of which H. M. Bishatchet made 104 not out and Rev. E. K. Quick 50. The last-named player also took 7 for 17.

HONGKONG AMATEUR PHOTOGRAPHY.

AWARDS OF ANNUAL EXHIBITION, 1933.

With regard to the pictures entered for competition at the exhibition held under the auspices of the Hongkong Amateur Photographic Society, the votes were opened and counted on Saturday in the presence of Messrs. Fung Shiu Wa, Ng Chak Wing and Chung King Pui, Major Wright and others.

Two pictures submitted by Messrs. Ng Chak Wing and P. P. A. Dragon tied for 1st. prize and pictures submitted by Messrs. Fung Shiu Wa, Luiz Guterrez, A. Hoalim, Chan Kwok Ying and Ng Chak Wing tied for the 4th. and 5th. prizes. Although provided by the Exhibition rules that all disputes should be decided by the Exhibition Committee itself, the Committee resolved to submit all the pictures in question to an independent judge who was neither a member of the Society nor a participant in the Exhibition, for final decision. Major G. H. Gandy, of the Royal Engineers, a well-known amateur artist and photographer, then kindly gave his judgment as to the merits of the various pictures submitted to him as follows: 1st, 2nd, 3rd, 4th, and 5th. prizes, Messrs. P. P. A. Dragon, Ng Chak Wing, Ng Chak Wa, A. Hoalim and Chan Kwok Ying respectively. In consequence of the judge's decision both 1st. and 4th. prizes have been awarded to non-members of the Society. Fung Shiu Wa and Luiz Guterrez will each be awarded a certificate of honour for the good work they exhibited.

INTERPORT YACHTING.

A WIN FOR HONGKONG.

Yesterday afternoon, an interesting sailing match took place when the Rolla, representing the Royal Hongkong Yacht Club, defeated the Margaret II, of the Singapore Yacht Club, in a race over a course of 8.3 miles. Mr. N. V. A. Croucher sailed the Hongkong boat, whilst Captain Bredenburg was in charge of the Singapore yacht. The race was under handicap conditions, the Margaret II being allowed 15 seconds per mile, and victory was secured for Hongkong by a margin of some 17 minutes.

The boats passed the Channel Rocks in close company, but the Rolla then took the lead and was four minutes ahead at the Cast Rock buoy and eight minutes ahead at the Club mark buoy. This was due to the Singapore boat striking a calm patch. Passing Channel Rocks for the second time, Mr. Croucher's yacht had a substantial lead of 20 minutes, but later she was becalmed for seven minutes near the Electric Station. Misfortune then befell the Singapore yacht, the spinnaker being rendered useless through the goose-neck breaking. This piece of bad luck made it impossible for the Singapore craft to avoid defeat. The corrected times were:—Rolla, 4 hours, 37 minutes, 35 seconds; Margaret II, 4 hours, 54 minutes, 38 seconds. Much interest was taken in the race, and through the kindness of Mr. Van Andel, in placing his motor boat at their disposal several members of the Club were able to follow the yachts around.

On Saturday, the Yacht Club holds its opening cruise and ladies' day, whilst on Sunday there will be interport contests between Hongkong and Singapore.

BOWLS MATCH.

KOWLOON DOCK EVENT.

There was a big gathering of local lawn bowls enthusiasts at the Kowloon Dock Recreation Club's green on Saturday afternoon, when a friendly match took place between a team representing the Dockyard staff and their friends and one captained by Mr. D. Harvey, mainly composed of men from Forfarshire and trying themselves Dundonians. A most pleasant afternoon was spent, but the Dockyard team proved much too strong for their opponents, and won to the tune of 130 points to 96.

During the afternoon tea was served, this having been provided by the ladies under the direction of Mrs. G. Duncan. At the conclusion, there were speeches and cheers, the ladies being specially thanked.

The scores were:—

FORBES RUSSELL COMPANY RETURNING.

Hongkong theatre-goers will be delighted to learn that the Forbes Russell Comedy Company, starring Miss Niqua Lewis, will be paying us a return visit, commencing on Saturday next, when "The Dippers" will be produced. In addition to some of the most successful plays put on during the Company's last visit, three new plays will be staged here—"The Laughing Lady," "All of a Sudden Peggy" and "Bought and Paid For." The Company has had a very fine season in Shanghai, and no doubt there will be full houses at the Theatre Royal on the occasion of this return visit. Full particulars will be found in our advertising columns.

INTERPORT TRIAL.

This match (Blues v. Whites) played on the Club ground attracted only a fair number of spectators, the Club stand being about half filled. A good number of Chinese lined the ropes.

After a delay of ten minutes, the Whites started with ten men only, Sells, of the Diomedes, being absent, and Jones of the King's, coming on the field to complete the side after about five minutes' play. The teams were fairly evenly matched, and although the Whites claimed a two goal lead at the finish, there was not that difference in the play. The Whites' forwards showed the greater dash from the start and in the opening minute the Blues' goal had a narrow escape, Simpson, striking the upright with Swan at the other end. The play was fairly fast, but not good. Each side had a turn of attacking, but the old fault cropped in, i.e., individual play, and several chances went begging through the forwards hanging on to the ball when tackled.

The Whites opened the score through McKelvie, who beat Swan with a slow shot, the ball just clearing the upright on its way to the net. The Blues had a couple of chances to level up, but Kirby on each occasion lifted the ball over the bar. Offside play by the Blues centre spoilt a good opening and the Whites going down. Forsyth put them further ahead when he caught the ball from a weak clearance and returned it into the net giving Swan no chance. Halftime—Whites, 2; Blues, 0.

On resuming, McKelvie and Kirby changed colours, probably with a view to strengthening the Blues, but where Kirby failed in the first half as a forward he improved greatly at centre half, while McKelvie was not so good in his new position. Wheeler and Gerrard also exchanged positions in the closing half. The Blues were early attacking, but they lacked sting, while Lelliot and Angus kept their respective wing opponents well in check. Castle-dine tried a few individual run-throughs but was weak with his final efforts. Post had the goal at his mercy but was charged off the ball by Sopher when steadying himself for the final shot. For a time the Blues pressed, Stewart eventually bringing relief by shooting over the bar. Wilson was lucky to clear a shot from Castle-dine, the ball dropping on top of the cross-bar and rebounding to play. It was nearly dark when the final whistle sounded, leaving the Whites winners by two goals to nil.

Simpson was the outstanding player for the Whites and was a success as a wing forward. He has a good turn of speed and a strong kick, and he centres accurately. Sopher played a good game at back for the winners and more should be seen of him in first-class football. Roberts and Omar played a dashing game

and should be seen out again. McKelvie was good in the first half.

For the Blues, Wheeler and Knight played a good defensive game, but found their opposing wings very speedy. J. Stewart put in a lot of hard work and in the second half took more shots at goal than his forwards. Bell and Howard were not a success on the right wing for the Blues. Burd and Post combined on the left in the second half and should have been given more to do. Swan and Wilson did not have much to do and the second goal scored by Forsyth gave the former no chance whatever.

OTHER GAMES.

In the Junior games, that on the South China ground attracted a very large crowd, but it was noticed that several men in uniform were standing over the goal lines. Play was fairly even in the first half and the interval arrived with a blank. It was in the second half that the King's had the advantage, but, owing to the good work of the South China goalie, they were kept out until ten minutes from time, when Dangerfield, with a fast shot from close range, scored the only goal of the match. South China tried hard to level up and forced a couple of corners, but the King's defence held out.

At Kowloon, the Bluebell secured both points. Mills, and Sadlier scoring for the sailors in the first half. The second half was blank. The home side fielded ten men only.

The Club's second string met the R. G. A. reserves at Sookunpoo and played a drawn game of one goal all. Murphy scored for the R. G. A. and Roberts for the Club. On the Sookunpoo "B" ground, the Club de Recreio defeated the Sacred Heart by three goals to nil. Ogley opened the score and before the call of time Rocha and D. Xavier added further goals.

The Filipino Club went down to St. Joseph's on the College ground by six clear goals. In the first half, Maher and A. Trambitsky scored and after the change of ends N. Trambitsky scored three goals and Tai Yu-ai one.

The Diomedes beat the University by a goal to nil. After a blank first half, Rigby scored for the sailors. The Tamar and Titania second teams met on the Navy "A" ground and played a drawn game of one goal all. Mockridge scoring for the Tamar and Ball for the Titania.

A PUZZLE A DAY.

An automobile, travelling at a high rate of speed, made a sharp turn to the left. It went around the curve on two wheels. Which two wheels were on the ground: the left (or inward) wheels, or the right (or outward) wheels?

NEW ZEALAND'S
DRINK CONTROL.

New Zealand's method of dealing with the Drink question will be of interest to all concerned in the task of coming to grips with the evils of alcoholism. The main provisions, according to *Stead's Review* (Melbourne), of what is known as the Auckland scheme, which involves an amalgamation of the breweries, are that the manufacture, importation and distribution of alcoholic liquors be vested by Act of Parliament in a corporation; that all holders of wholesale and brewers' licences be required to sell their businesses to the corporation; that the Government acquire a substantial interest in the corporation, and be strongly represented on the board; that dividends on all shares be limited; and that excess profits be applied to national purposes, such as extinction of national debt, subsidies to hospitals, maintenance of public highways and so forth. As a half-way house between State Control and Prohibition the scheme is anyhow worth attention.—*Spectator*.

EXPERIENCES OF A
LADY TYPIST IN
PARIS.

At her home, No. 47 Rue Fontaine, Paris, Miss Emilienne Reverdi, a young lady who earns her living as a typist, recently made the following statement:

"It gives me much pleasure to tell you about the good which Dr. Williams' Pink Pills have done me. As a result of over work I became extremely weak. I had pains in the back, I slept badly, my appetite—which formerly had been excellent—disappeared, and to carry on my daily office duties became an exceedingly arduous task."

"When I was in great distress over my enfeebled health a trusted friend counselled me to take Dr. Williams' Pink Pills. Now I congratulate myself on having taken this advice, for to-day all is well—I am able to say that Dr. Williams' Pink Pills cured me."

In France, as in most other civilized countries throughout the world, Dr. Williams' Pink Pills hold a pre-eminent place in public confidence for their unique merit as a blood builder and nerve tonic. By rapidly purifying and enriching the blood and thus revitalizing the whole system they give renewed strength to the digestion, drive out the blood poisons which cause rheumatism, neuralgia, also eczema and similar skin troubles, banish the back-aches, headaches and other derangements of health which especially afflict women from maidenhood to the change of life. Dealers everywhere sell Dr. Williams' Pink Pills for Pale People, or post free at \$1.50 per bottle, \$8.00 for bottles, from the Dr. Williams' Medicine Co., 60 Kiang-e Road, Shanghai.

CAMERA NEWS.

Adam Lesmeister, seen with dogs, regards himself as the champion wolf hunter, having captured over 9,000. Above are seen the skins of a three-day's catch at Bismarck, North Dakota.

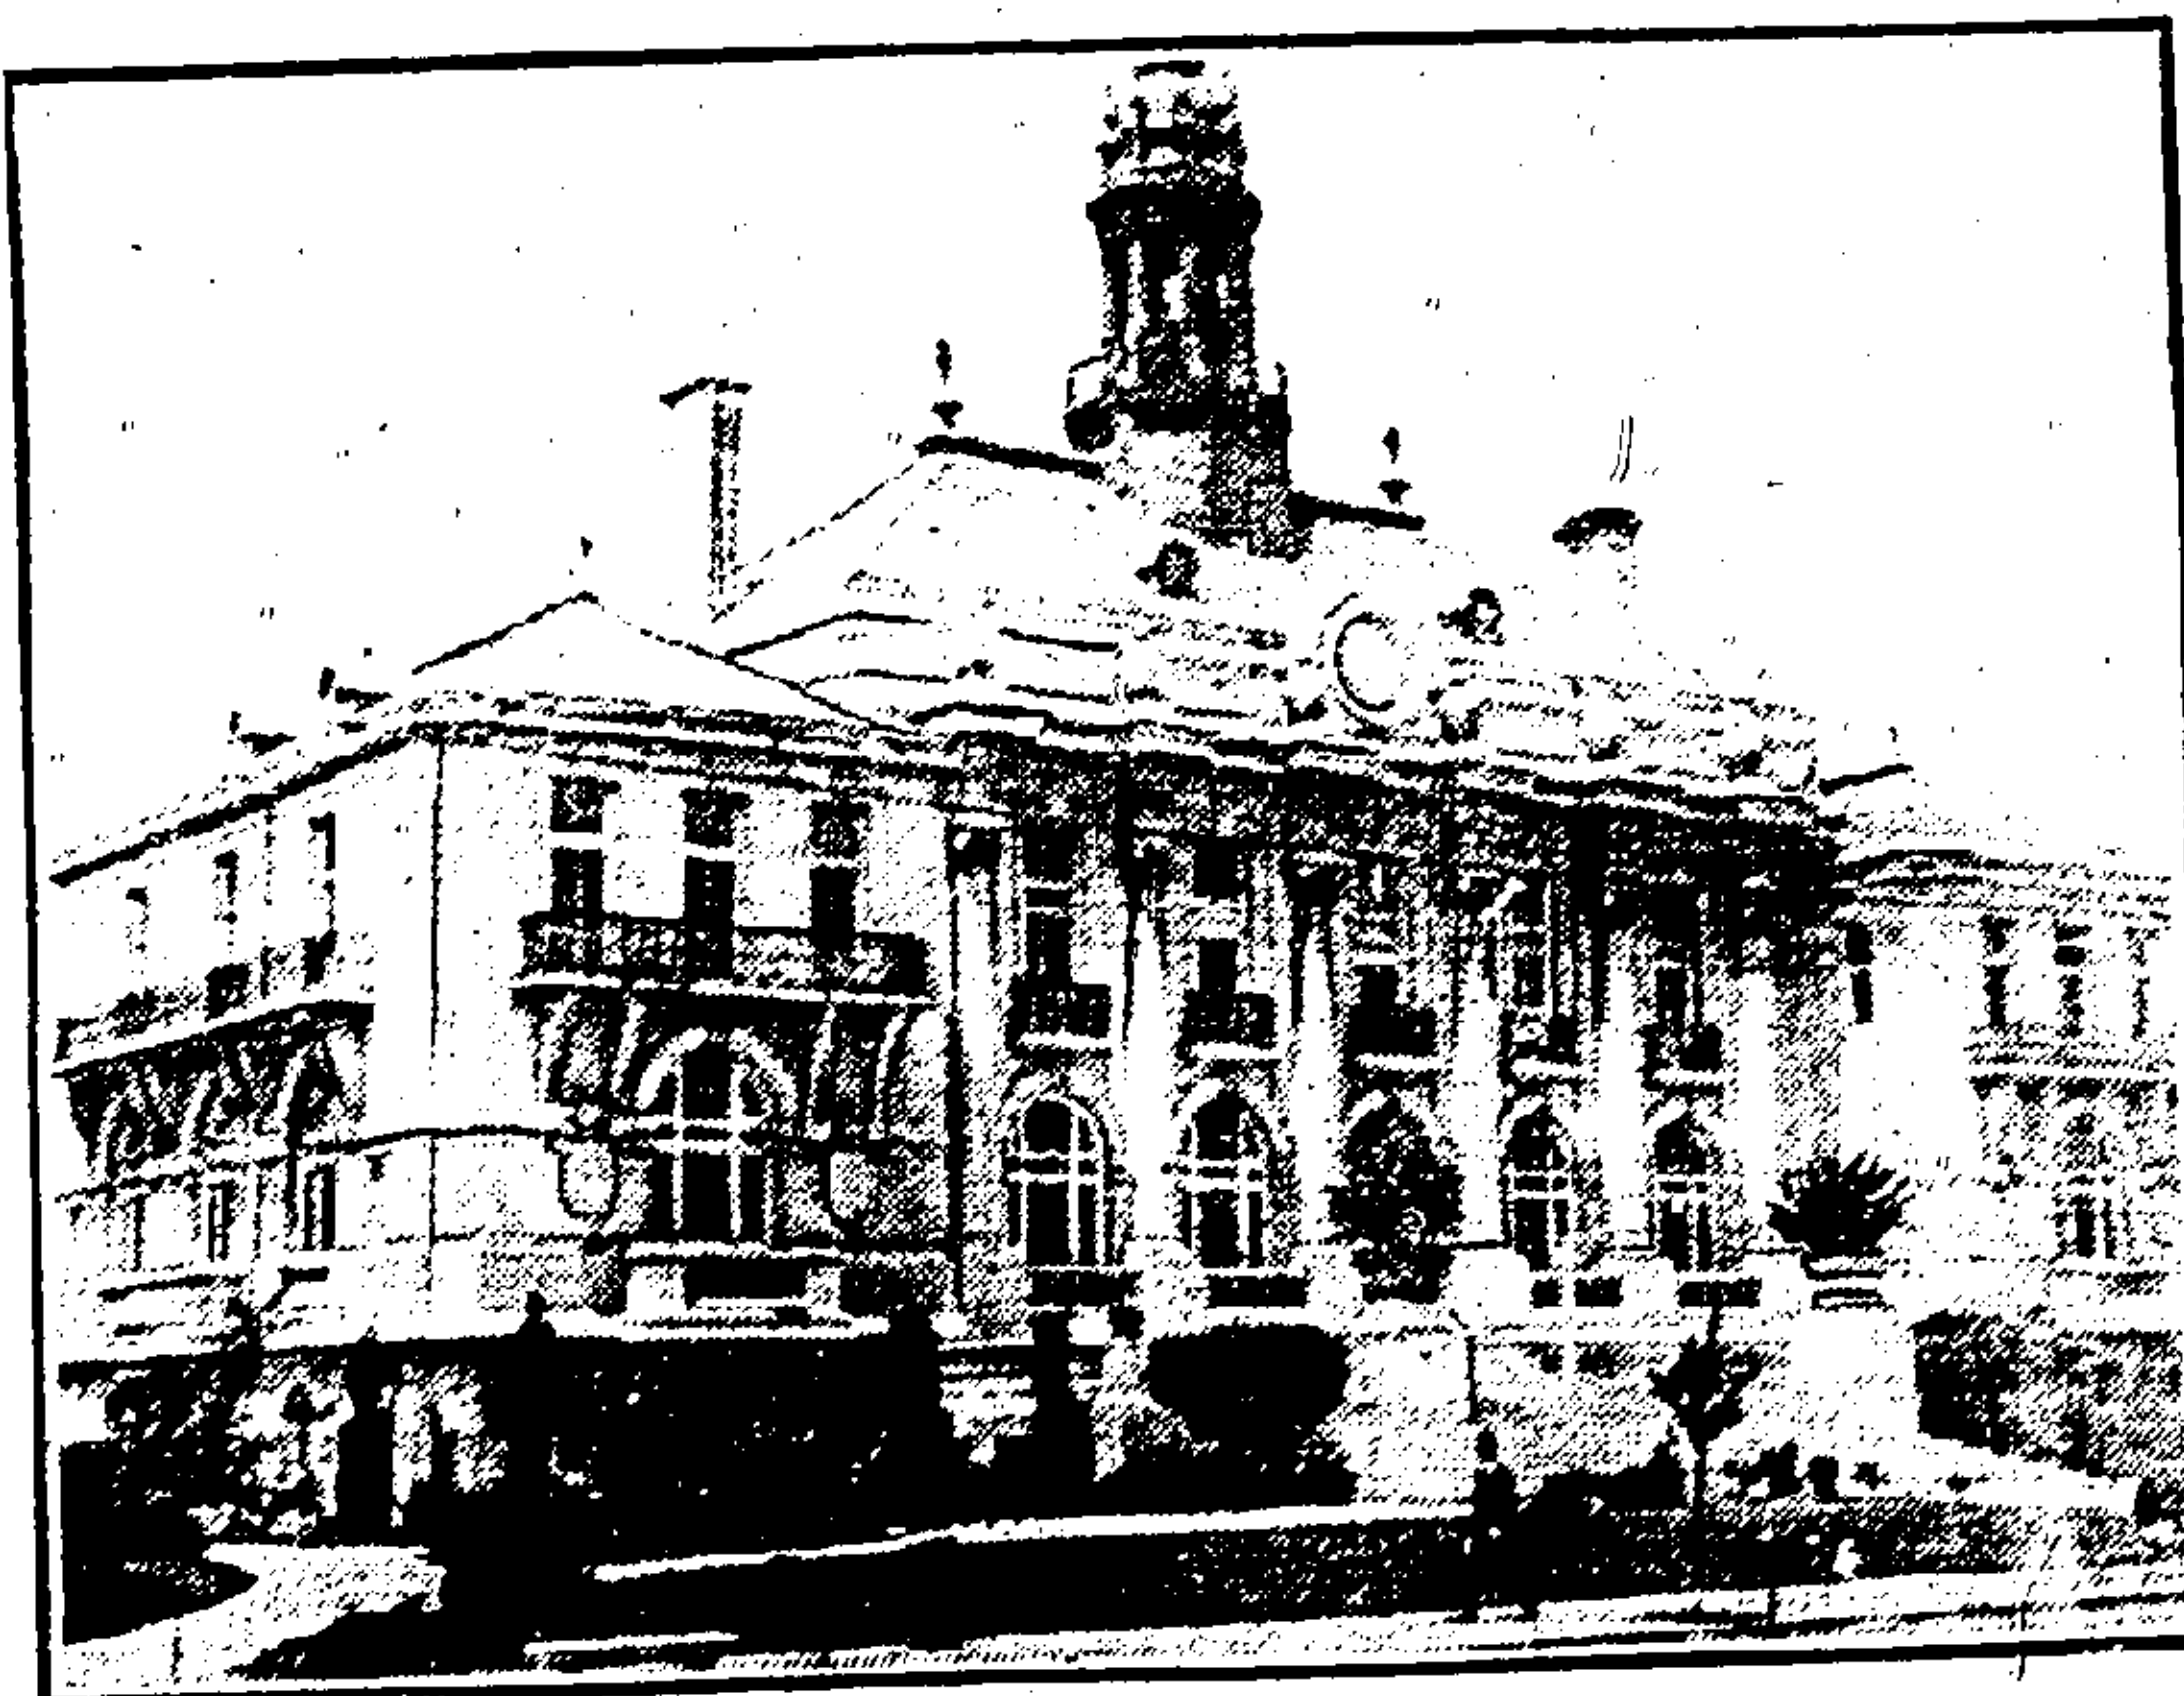

Admiral Thomas Washington who has succeeded to the command of the American Asiatic Fleet. He comes to the China station from the Navy Department at Washington, and for the past four years he has been Chief of the Bureau of Navigation. He served with the British Grand Fleet during the war.

Mrs. Margaret Gallaway, of Fayetteville, has a whale's tooth on which is carved figure of a shepherd and a dozen sheep. It was found in a cave in Ballard county, and the artist, who used a penknife evidently, is, of course, unknown.

They breed big men in Mongolia, but very few like this one, who stands 8 feet 2 inches in his socks and is a member of the bodyguard of the Living Buddha in Urga. The man on the left of the picture is 5 feet 8 inches high.

Fire which took several lives and destroyed many buildings in Berkeley, California, did not consume the City Hall. This building seen above is one of the most pretentious city halls in the country, one of the "sights" of the California city.

Three hundred persons were initiated into the Ku Klux Klan just outside of Chagrin Falls, near Cleveland, recently. The usual fiery cross was in evidence. Thousands of people witnessed the ceremony.

THE SPIRITUALISTS.

In the extremely interesting article in the International Congress of Spiritualists that we reproduce to-day, Sir Arthur Conan Doyle tells us that in England there are already more than 400 Spiritualist Churches, and judging by my post bag, every town has now its building fund. It is a new and rising power in the world, and no thinker can afford to ignore it.

Certainly an organization which possesses over 400 branches active and earnest enough to build themselves permanent meeting places, is not to be ignored. But what the dispassionate observer would like to know is whether this new and rising power is for good or evil. It was easy to understand and impossible not to sympathize with the numbers of grief-stricken people who flocked to conjure mediums during the war.

they were not more unbalanced than were the times generally. Now things are or should be different. It would be illogical for any believing Christian to repudiate the possibility of communication with the unseen world. But it is perfectly permissible for him to think that the proofs adduced by spiritualists of such communication are pathetically flimsy and unconvincing (vide "Raymond" for example) and that people cannot swallow such stuff and build their lives upon it without grave danger to themselves.—Ex

ABERDEEN'S PROBLEM.

There is grave trouble brewing in Aberdeen. The tram fares have been reduced, and people who walked in order to save a penny, are now only saving a halfpenny. They threaten to have a mass meeting to consider the situation. Solvatur ambulando!

BRUNSWICK RECORDS

ARTISTIC companions of Brunswick Phonographs. These Records are made under the direction of great interpreters men who have the power and faculty of developing musical selections as they would be played by the composers.

Just as there are directors for the opera, the stage, the orchestra, we now have directors for records.

This means that each Brunswick Record is not only the work of some accomplished artist but is accompanied by the shakings of a renowned director.

This is why Brunswick Records rise above the qualities most records have in common. Brunswicks are more than title and artist. They bear the impress of some guiding hand. One who knows how to bring out the inherent qualities, the hidden beauty, the magnetic personality, the more spiritual intuitions of the composers.

Ask to hear these records. They will play on any phonograph with steel or fibre needles. Made by the House of Brunswick—a name renowned in the world of music. Compare Brunswick Records with others. Be their sole judge! Look for something entirely different—something sweeter, richer, truer! You'll find it in full measure in the new Brunswick disc!
